

Alex Rivera

Email: alex.rivera@cs.edu | Phone: +1-555-0101

PROFILE

Passionate full-stack developer with 2 internships building production web applications.

EDUCATION

B.S. in Computer Science, Stanford University (GPA: 3.9/4.0, Expected May 2026)

SKILLS

JavaScript, TypeScript, React.js, Next.js, Node.js, Express, REST APIs, PostgreSQL, MongoDB, Git, Docker, Tailwind CSS, Jest

EXPERIENCE

Software Engineer Intern at Stripe (Summer 2025)

- Engineered high-throughput REST APIs using Node.js and TypeScript, handling 15,000 req/sec with 99.99% uptime.
- Optimized PostgreSQL database indexing, reducing p95 query latency by 42% across 2M records.
- Built automated CI/CD deployment pipelines using Git and GitHub Actions.

PROJECTS

DevPulse Analytics Dashboard (React.js, Node.js, TypeScript)

- Developed real-time collaborative dashboard using React.js and Tailwind CSS, adopted by 8,500 active developers.
- Implemented secure JWT authentication and RESTful API endpoints in Node.js and Express.
- Achieved 95% test coverage using Jest and unit testing suites.

CERTIFICATIONS

AWS Certified Cloud Practitioner

ACHIEVEMENTS

1st Place Winner, CalHacks 2024 (Team of 4, built AI workflow platform)
