

Elena Rostova

Email: elena.rostova@mit.edu | Phone: +1-555-0104

PROFILE

Full-stack builder with strong foundations in React, Node, and relational databases.

EDUCATION

M.S. in Computer Science, MIT (Expected June 2026); B.S. in CS, UIUC

SKILLS

React.js, Node.js, JavaScript, TypeScript, REST APIs, PostgreSQL, Docker, Git, CI/CD, GraphQL

EXPERIENCE

Research Assistant, MIT CSAIL

- Developed interactive visualization platform using React.js and TypeScript for graph neural network outputs.
- Built high-performance Node.js backend streaming large JSON payloads over REST and WebSocket channels.

PROJECTS

CloudShelf E-Commerce (React, Node.js, PostgreSQL, Docker)

- Built complete full-stack web application with cart management, Stripe payments, and admin panel.
- Deployed containerized PostgreSQL and Node server on AWS EC2 with automated Git CI/CD pipelines.
