PROFILE

Web engineer with emphasis on React, modern CSS, and REST API integration.

EDUCATION

B.S. in Computer Science, UT Austin (Expected 2026)

SKILLS

JavaScript, React.js, HTML5, CSS3, Tailwind CSS, REST APIs, Git, Next.js, Redux

EXPERIENCE

Frontend Intern at local software consultancy

- Built customer-facing React components for 4 client portals, improving mobile accessibility scores to 98/100.
- Consumed REST APIs and managed client-side cache using Redux.

PROJECTS

HealthTrack Fitness Portal (React, JavaScript, Tailwind)

- Created single-page app displaying workout analytics and calorie logs with clean UI design.
