

Liam Murphy (Java / Backend - Mismatch)

Email: liam.murphy@illinois.edu | Phone: +1-555-0107

PROFILE

Enterprise Java and Spring Boot engineer with strong backend and SQL skills.

EDUCATION

B.S. in Computer Science, UIUC (Expected Dec 2025)

SKILLS

Java, Spring Boot, SQL, PostgreSQL, MySQL, Docker, Git, JUnit, Microservices

EXPERIENCE

Backend Engineering Intern at State Farm

- Built robust microservices using Java and Spring Boot for claims processing.
- Wrote complex SQL queries and stored procedures in PostgreSQL.

PROJECTS

Banking Core Simulation (Java, Spring Boot, MySQL)

- Developed transactional banking backend with Spring Boot, handling ACID transfers and JUnit test suites.
